UTILITIES MATTER

☒

ORDER NO.

**SUBJECT:**

[DOCKET NO. 2018-202-E](#) - Petition of Duke Energy Carolinas, LLC and Duke Energy Progress, LLC for Approval of CPRE Queue Number Proposal, Limited Waiver of Generator Interconnection Procedures, and Request for Expedited Review - Staff Presents for Commission Consideration South Carolina Solar Business Alliance, Incorporated's Motion for Leave to File Responsive Comments, Delay Final Report, and Open a New Docket.

**COMMISSION ACTION:**

A Technical Standards Review Group meets quarterly with ORS and others to discuss the technical issue of interconnection, planned revisions to technical standards, and industry developments. Additionally, a stakeholder process has been started on March 28, 2019 to discuss larger queue reform solutions. After review of this matter and in recognition of the complexities of the issues in this Docket, I believe that the best solution is for the parties to attempt to informally and cooperatively resolve the matters addressed by ORS and the Solar Business Alliance's recommendations through the Technical Standards Review Group and the stakeholder process. Therefore, I move that we wait to initiate the recommendations of the ORS report and also wait to open a new docket until we have received information on how the interactions between the interested groups proceed. As a result, the parties shall provide an update on the progress of the Technical Standards Review Group in resolving the issues presented in this docket. This update is required within 30 days of the conclusion of each quarterly meeting. Additionally, I move that the parties shall provide an update to the stakeholder process within 60 days of the date of this directive.
